LUXURY AT REST

Headboards

LUXURY AT REST

Headboards

Headboards are architecture for the bedroom and provide designers a wonderful opportunity to showcase their talents. EF+LM launches a new series of wood trimmed upholstered headboards - walnut, ash, mahogany- diamond tufted, biscuit tufted or channeled. Pick your trim, upholstery detail and your size - EF+LM will fast track it and deliver it. Want a matching upholstered box spring “divan”? We have that covered too!

Also, EF+LM can put a sleeper sofa mechanism (with a very comfortable mattress) into almost any of its sofas so long as the dimensions allow for that mechanism. You are not limited to a specific sofa in the back of the showroom. Let us know what you want, and we can make it happen!

BH3025 *Worth Headboard*
