LUXURY HEADBOARD PROGRAM

Pick your design, pick your size, pick your height. Sounds pretty simple – right? That’s the whole idea. The Designer Request Luxury Headboard Program is the simple way to specify luxury headboards from Lewis Mittman. The following pages outline the program. Just follow the order of requests, check the boxes, and then send them in with your purchase order. We’ll handle the rest. It’s really that simple.

Request 3: HEADBOARD HEIGHT (check one)

- 50"H: Standard height, unless otherwise noted
- 54"H- +10% to price, +1 yard to COM
- 60"H- +15% to price, +2 yards to COM
- CUSTOM HEIGHT: _____ inches
Please contact us for custom price and COM requirements

Request 4: SPECIFY BEDDING HEIGHT

Bedding height is suggested to make sure an appropriate proportion of the headboard will show. This is especially necessary because modern mattresses tend to be very thick.

OVERALL bedding height is: _____

Request 5: UPHOLSTERED DIVAN / BOXSPRING (optional)

Our upholstered divans take the place of a box spring and are fashioned in the traditional way with solid wood construction and coil spring foundation. This allows maximum comfort and flexibility. While we offer these at a standard overall height of 13", this can be altered to accommodate the thick mattresses being offered today.

These divans offer the designer a much "cleaner" look than the typical rail surrounds. Also, remember that the divan IS a box spring, so the client needs only supply the mattress. (King size consists of 2 divans)

Desired height of Divan is: _____ inches

Client mattress thickness is: _____ inches

Request 6: SPECIFY LEG / UPHOLSTERY TREATMENT (check one)
