HOSPITALITY

---

Lewis Mittman Hospitality has been creating furniture of the highest quality for the hospitality industry since 1953.

---

Our designs are crafted from the finest materials and utilize the best construction techniques to withstand the demands of hospitality environments. Our custom capabilities allow designers the flexibility they desire while creating unique experiences for their customers. We have manufacturing facilities in Asia, USA and Italy so we can suit our capabilities to virtually any project size and budget.

---

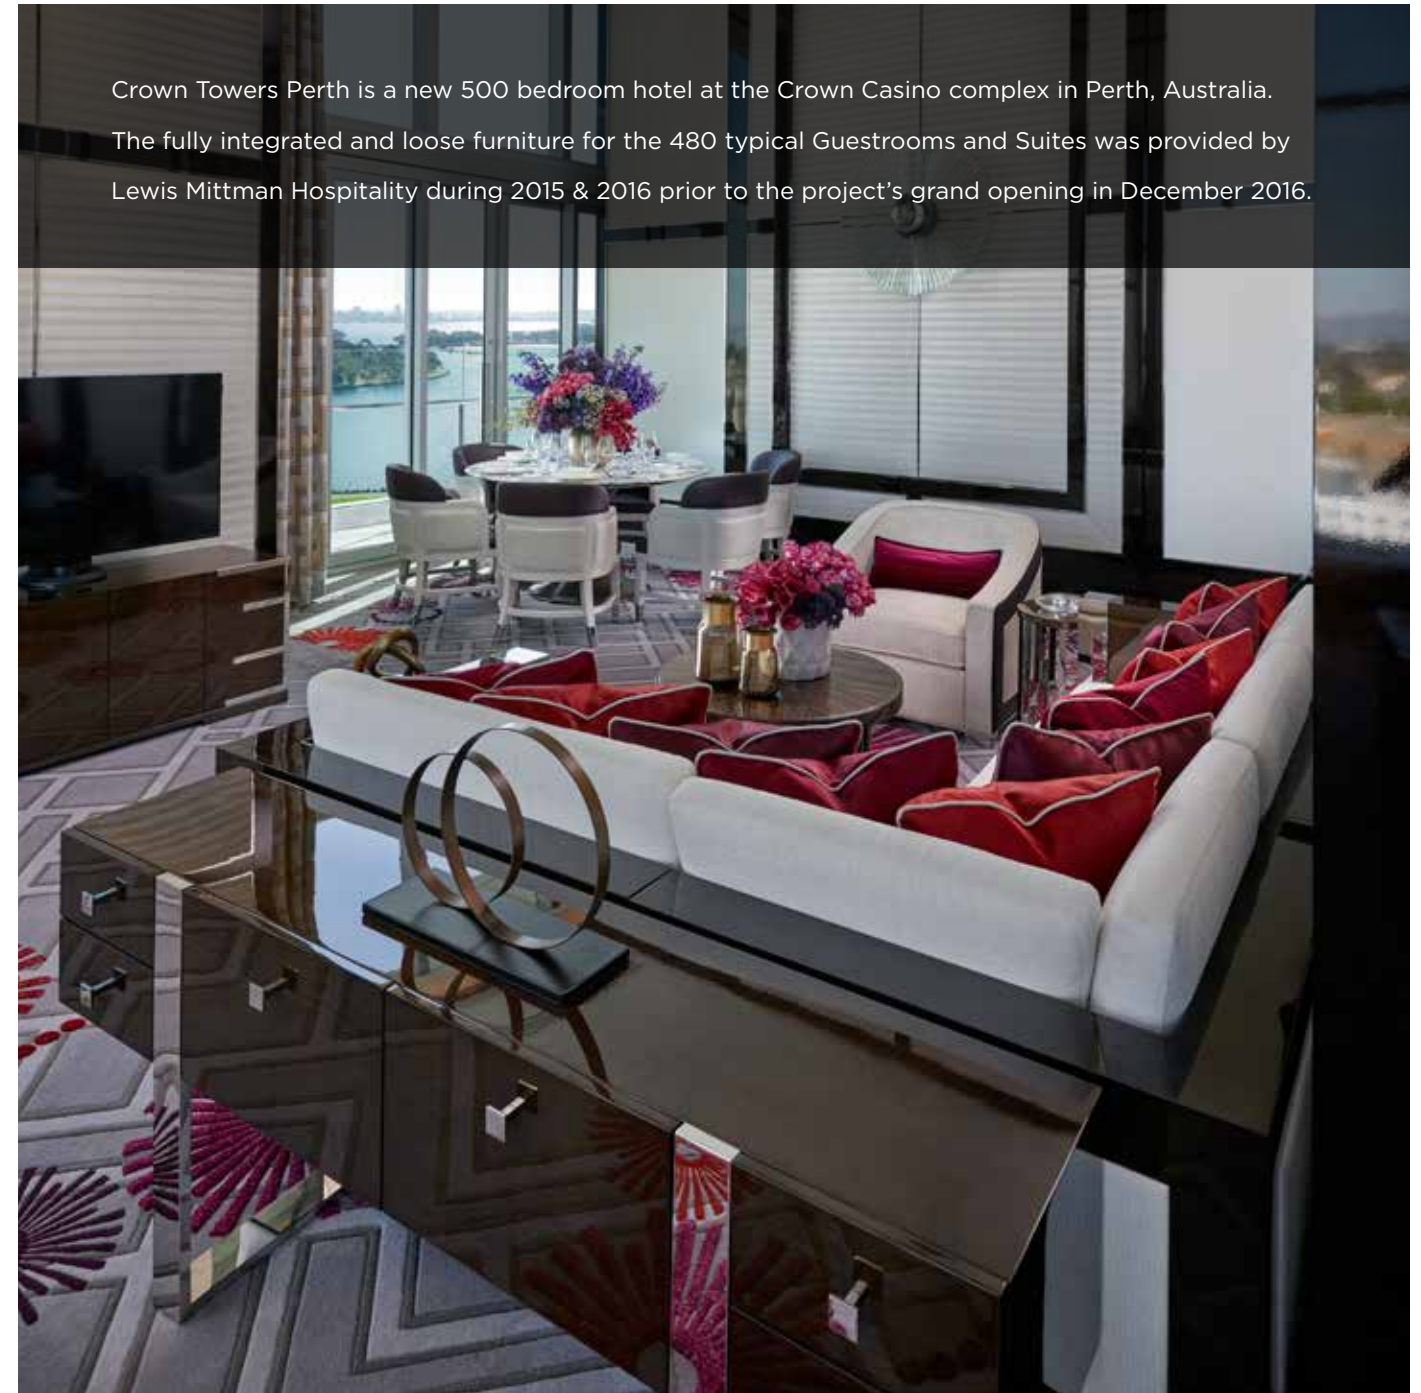

All of this, combined with our highly experienced sales force and in-house designers and engineers, make us the premier supplier for luxury hospitality environments.

---

As a commitment to our client, our owner, Steve Mittman, is present at the factories in China, on a regular basis, and our Senior Vice President, Jonathan Houghton, is based in Shanghai. This has been established to show we are a company who is “on the ground” at all times keeping a ‘western’ eye over the production process.

Paris Hotel and Casino in Las Vegas has nearly 3000 rooms on the world famous strip. Lewis Mittman Hospitality had the pleasure of providing upholstered goods for phases 1 & 2 of the refurbishment, totalling over 1000 of the 3000 rooms, carried out during 2016. The upholstered goods varied from fully upholstered lounge chairs and matching ottomans through to fully carved Louis XVIth style lounge chairs and desk chairs.

#### THE ROGER THOMAS COLLECTION

Designed by Architectural Digest's Top 100 designer and Wynn Resorts Executive Vice President of Design, Roger Thomas, the collection covers all aspects of hospitality furniture from casegoods to upholstered items. Lewis Mittman Hospitality has had the pleasure of manufacturing pieces from Roger's collections for all of the Wynn properties in Las Vegas and Macau.

#### ATELIER COLLECTION

The Atelier Lewis Mittman Collections were launched at the 2015 & 2016 HDexpo shows in Las Vegas. The collection has been designed by well known designers, such as Barry Goralnick, Phillip Jeffries, Marks & Frantz & Katie Eastridge, and can be specified on any high-end hospitality projects.
